

May 21, 2011.... **Judgement Day** or Saturday?

One of the things that makes people Dislike Dispensationalists and Dispensationalism is....*Dispensationalists and their boneheaded ideas.*

Being Pre-Millennial makes you in some form a dispensationalist. Separating a church or a 'church age' from Israel makes you a dispensationalist.

Having a theology that understands that you are not **a)** living in the kingdom or **b)** working to bring the kingdom in or **c)** knowing that all prophecy has NOT yet been fulfilled makes you a dispensationalist.

Dispensational Truth is the key to understanding the Bible and finding the gospel.

Date-Setters make a mockery of the little bit of dispensational truth that they have.

The current Date to be SET for the rapture and the end of the world is MAY 21, 2011.

To Date, Date Setters have an Accuracy Rate of 0.00%,

Date setters are NOTORIOUS and FLAGRANT violators of 2 PET 1:20 Knowing this first, that no prophecy of the scripture is of any private interpretation.

Campings' niche is playing date-setting games w/ Noah's Flood and the previous worldwide judgement.

His SCHEME has a 13,000 year old earth and somehow purports to harmonize the Hebrew, Julian, and Gregorian calendars all **so perfectly** that it can cross-reference w/ his private interpretations of prophecy to the DAY that the rapture will happen.....

3 calendars and 13k years.

Hebrew Calendar 12 LUNAR Months (approx 29.5 days = 354 days)

365 -354 = 11 missing days! What to do? If we keep missing days, our spring feasts will occur during the dead of winter!

Hebrew Calendar adds another month of Adar every few years to compensate- LEAP MONTH!

The modern Hebrew calendar is a fixed calendar that follows a 19 year cycle. It has standardized the length of months and the addition of months over the course of this 19 year cycle, so that the lunar calendar realigns with the solar years. Adar I (Leap Month) is added in the 3rd, 6th, 8th, 11th, 14th, 17th and 19th years of the cycle

JULIAN CALENDAR - 45 BC - Julius Caesar Solar Calendar.

365.25 day year. Leap year every 4 years Standardized the previous Ever-Changing Mess of Roman calendars.

Gregorian Calendar - 1582 Pope Gregory XIII

The **actual** solar year is 11 minutes **SHORTER** than 365.25 days. These extra minutes in the Julian Calendar add up to 3 extra days every 400 years.

Solar Year = 365.2422 Days, So the Gregorian calendar fixes the extra day problems by eliminating leap year a few times. They also 'fixed' all the previous errors and time lapses **3 calendars, 3 different 'Monthing' Periods, 3 Different methods 'Leaping' to keep your calendars right, all PERFECTLY corroborated historically and astronomically to the EXACT DAY?**

According to his 13,023 years of human history, Camping is picking ONE day out of 4 million, 756 thousand, 549 hundred days. while using different clocks that count in units of days which DONT add up properly with the solar system days so we have to add/subtract days and months periodically in 3 different ways.

History of Date-Setters: Edgar C. Whisenant *88 Reasons Why the Rapture Will Be in 1988.*

DATE SETTING IS NOT A 20/21st CENTURY PHENOMENON

(some highlights of the hundreds of dates set)

53? AD

During Paul's lifetime, it seems that there were probably folks telling the Thessalonians that Christ's return had already taken place. The Thessalonians were suffering persecution. (trib?) There is also some evidence that they may have been troubled by a counterfeit letter from Paul

500

A Roman priest living in the second century predicted Christ would return in 500 AD, based on the dimensions of Noah's ark.

1000

This year goes down as one of the most heightened periods of hysteria over the return of Christ. All members of society seemed affected by the prediction that Jesus was coming back at the start of the new millennium. the magic of the number 1000 was the sole reason for the expectation. During concluding months of 999 AD, everyone was on his best behavior; worldly goods were sold and given to the poor; swarms of pilgrims headed east to meet the Lord at Jerusalem; buildings went unrepaired; crops were left unplanted; and criminals were set free from jails. When the year 999 AD turned into 1000 AD, nothing happened.

1033

This year was cited as the beginning of the millennium because it marked 1,000 years since Christ's crucifixion. *(terrible famine throughout France) Mass pilgrimages to Jerusalem*

1572 - Benedictus

Benedictus Aretius of Berne (1505-1547) calculated that 1260 years added to the year Constantine made Christianity the official religion (312+1260=1572) should be the year.

1666 - Plague

For the citizens of London, 1666 was not a banner year. A bubonic plague outbreak killed 100,000 and the Great Fire of London struck the same year. The world seemed at an end to most Londoners. The fact that the year ended with the Beast's number—666--didn't help

matters.

1914 - Jehovah's Witnesses

was one of the more important estimates of the start of the war of Armageddon by the Jehovah's Witnesses (Watchtower Bible and Tract Society). They computed 1914 from prophecy in the book of Daniel, Chapter 4. The writings referred to "seven times". The WTS interpreted each "time" as equal to 360 days, giving a total of 2520 days. This was further interpreted as representing 2520 years, measured from the starting date of 607 BCE. This gave 1914 as the target date. (WW1 started in 1914)

JW other dates 1914, 1918, 1920, 1925, 1941, 1975 and 1994

1967 - Jews retake Jerusalem (6 day war)

When the city of Jerusalem was reclaimed by the Jews in 1967, prophecy watchers declared that the "Time of the Gentiles" had come to an end.

1970 - True Light

The True Light Church of Christ made its claim to fame by incorrectly forecasting the return of Jesus. A number of church members had quit their livelihoods ahead of the promised advent.

1982 - Harmonic Convergence

2 NASA guys.. It was all going to end in 1982, when the planets lined up and created magnetic forces that would bring Armageddon to the earth.

1988 - Whisenant

1993 - 7rs. b4 2000

If the year 2000 is the end of the 6,000-year cycle, then the rapture must take place in 1993, because you would need seven years of the tribulation. This was the thinking of a number of prophecy writers.

1997

When Yitzhak Rabin and Yasser Arafat signed their peace pact on the White House lawn on September 13, 1993, some saw the events as the beginning of tribulation.

1998

Numerology: Because 666 times three equals 1998, some people point to this year as being prophetically significant.

2000 BANNER YEAR! Y2K Computer Scare & Harmonic Convergence!

Numerology: If you divide 2,000 by 3, you will get the devil's number...kinda 666.666667

The names of the people and organizations that called for the return of Christ at the turn of the century is too long to be listed.

2011 - Camping

2012 - Mayans - some Bible hucksters will cash in on that

2026 - 7 yrs. before 2033

2033 - 2k since Christs' death

2034 - 2k+1 since Christs' death

Why do I care about this stuff? Why do I care that these people make fools out of themselves?

I don't care about them per se, I carry about who they drag down with them.

When they make fools out of themselves, they also make a laughingstock out of the Bible, the

Lord Jesus, THE GOSPEL, and the literal understanding and right division of the Bible.

Exhibit A: Eternal Earth-Bound Pets, USA.

Eternal Earth-Bound Pets, USA

The next best thing to pet salvation in a Post Rapture World

You've committed your life to Jesus. You know you're saved. But when the Rapture comes what's to become of your loving pets who are left behind? Eternal Earth-Bound Pets takes that burden off your mind.

Exhibit B:

GodHatesAmputees.com and sites like it. Pointing out the obvious to the faith healers that they aren't able to heal amputees, so obviously God must hate amputees. (only 1 healing by Jesus)

Why does Right Division Matter? **ETERNAL SOULS ARE ON THE LINE!**

We Need to Stop Counting Days and Start Redeeming Time.

COL 4:5 Walk in **wisdom** toward them that are without, **redeeming the time**. 6 Let your speech [be] **always with grace**, seasoned with salt, that ye may know how ye ought to answer every man.

EPH 5:15 See then that ye walk circumspectly, **not as fools**, but as wise, 16 **Redeeming the time**, because the days are evil.

We've got a big enough fight on our hands WITHOUT any help from Date-Setters

Fools waste time, Fools don't walk circumspectly. REDEEM the time>>>

Fools spend UBER-bucks on prophetic nittenoids and forget the gospel.

Fools spend UBER-bucks and lots of time on church programs/plays and FORGET the GOSPEL!

How about we forgo preaching the END of OUR FAITH and Start with the BEGINNING? FORGET JUDGEMENT DAY, FORGET ARMAGEDDON, how about you could get hit by a bus TOMORROW!!

REDEEM the time. When you add up all of your hours of sleep and necessary machinations to keep your home and your body running and alive, you are left with only a few hours of discretionary time..... how ARE YOU REDEEMING THIS TIME??

John Wesley - 1872 saving all the time you can for the best purposes; buying up every fleeting moment out of the hands of sin and Satan, out of the hands of sloth, ease, pleasure, worldly business; the more diligently, because the present "are evil days," days of the grossest ignorance, immorality, and profaneness.
